

Criteriaions Patient Portal

- **Criteriaions Patient Portal** has the ability to expose individual patient health information in a secure manner through the Internet.
- **Criteriaions Patient Portal** allows patients to interact and communicate with their healthcare providers.
- **Criteriaions Patient Portal** will benefit both patients and providers by increasing efficiency and productivity.
- **Criteriaions Patient Portal** allows patients to interact with their medical information via the Internet.

The screenshot shows the login interface for the Criteriaions Patient Portal. At the top left, it identifies the practice as "Dr. David Smith M.D." with the address "Great Neck, Phone :516-555-5555". A "WEB Version: 3.2.1" label is in the top right. The main header features a blue background with a caduceus and a heartbeat line. Below this, a banner states: "WHEN LOGGED IN YOU CAN MESSAGE THE PRACTICE & VIEW CLINICAL SUMMARIES". The body of the page is split into two columns. The left column contains a welcome message: "When logged in you can Message the practice & View Clinical Summaries. Thank you for registering with our Patient Portal, your medical access point. Send Messages to the Doctor, setup Appts and View Clinical Summaries along with other activities." The right column contains a "Login" section with fields for "Email" (pre-filled with "patient@practice.com") and "Password" (masked with dots), followed by "Login" and "Clear" buttons. Below the login fields are links for "New User", "Reset Email/ Password", and "Forgot Password". The footer indicates the system is "Powered by the Criteriaions Electronic Health Records System - Great Neck, NY."

When enable, the practice can customize the portal to have the patients see all or part of the following:

- Complete Consent Forms and Questionnaires online, which can streamline office visits.
- Change their Demographics such as address, phone number, email address, and more.
- Update/Review their insurance carrier information.
- Access their medical records and review lab results.
- Pay Outstanding Bills.
- Schedule an appointment.
- Send a message to the office.
- Update their Medical History.
